Webinar

Between Reality and Virtuality with PrimeSkills

Speaker : Derrin Matthew,
Position : CEO of PrimeSkills

Details :

The use of Virtual Reality (VR) and Augmented Reality (AR) technology is currently facing rapid growth and has been applied in various fields such as education, health, and many more. VR and AR is not constrained to just the virtual world but introduces new challenges other than increasing user immersion. VR and AR is no longer limited to gaming, but can provide safety training and education beneficial to the user.
